I have a strong background in business development, relationship management and leadership. I hold a Bachelor of Commerce from Curtin University focused in Finance and Marketing and have recently completed a certificate of Risk and Governance with the Governance Institute of Australia. Outside of work I have two young daughters, the eldest of whom is a student at Churchlands Primary School. Personally, I enjoy exploring WA with my family and lead a fit and active lifestyle.

Name: Luke Vanson

Board Role: Parent Member

Profession:

Number of children in family attending CPS

Board member since: 2022

I am a father of 4, ranging from 15 down to 2 years old. I have been the State Manager for WA & SA for Opportunity International Australia for 7 years. I have previous experience in media and banking. My current role oversees the fundraising, volunteers and staff training for Opportunity. I believe my fundraising experience and leadership roles will provide some value to the School Board, and I am willing to learn how best to serve the Board and the wider school community through the role.

Name: Bailey Love

Board Role: Parent Member

Profession:

Number of children in family attending CPS : 1

Board member since: 2022

My name is Bailey Love. I am 43 years old and employed in Construction Management. I hold an MBA from the University of Western Australia with specialisation in Strategic Management & Organisational Change. I have another child at a different public school in the local area and have also been engaged at the School Board as both Member and Chair. As the Chair, the Board was heavily involved in assisting and guiding the school through the onset and aftermath of COVID-19. I am the guardian of Caroline in pre-primary and I am incredibly impressed with Churchlands Primary School and the positive impact the school has made on Caroline.

Due to my previous school Board involvement, I bring along experience in the public school system, reviewing and addressing NAPLAN data, assisting with the school's Business plan, and representing the school at the school's performance reviews undertaken by the Department of Education. Other duties involved reviewing & endorsing policies, endorsing budgets and working on goals to better connect the school with the local community. I am hoping that I can provide positive contributions for future strategies and direction for the next generation of students.
