ASSESSMENT: Each term we undertake numerous assessments in a variety of learning areas, following the whole school assessment plan. The data is used to track student progress, and in collaboration with the Year 3 teachers we plan targeted programs addressing point of need.

NAPLAN is scheduled for May 15-17. NAPLAN tests skills in literacy and numeracy that are developed over time through the school curriculum. It identifies whether all students have the literacy and numeracy skills that provide the critical foundation for their learning, and for their productive and rewarding participation in the community. Students are assessed using common national tests in reading, writing, language conventions (spelling, grammar and punctuation) and numeracy. The tests broadly reflect important aspects of literacy and numeracy in the Australian Curriculum adopted by each state or territory.

All students need to bring an old shirt to put over their uniform to protect it against accidental splatters from paint or ink or clay. The paint we use is water washable but the dyes in the paint can stain fabric. During term one all students will be looking at Sculpture and at the end of term we will be holding the Sculpture By The school art show. See the newsletter for regular updates. The art room is an open classroom where you are all welcome to come and enjoy your children's ideas and progress. Please encourage your child's efforts and ask them to tell you about what they have been doing.

Drama:

Students will be participating in a drama lesson once a week for 40 minutes in the Drama Room (next to the library).

Curiosity, imagination and creative thinking will be essential ingredients for each lesson. Students will be performing improvised and scripted drama in class, exploring roles and imagining situations. Developing confidence, self-esteem and relevant social skills are also core aims this semester. In addition, an appreciation of vibrant oral language and engaging vocabulary will be nurtured.

Mrs Idle is available to discuss aspects of the drama curriculum and student progress before school Tuesdays and Thursdays by appointment.

Mrs Idle can also be contacted by email; Diane.Idle1@education.wa.edu.au

French:

We have had a wonderful beginning to our French education studies with year 3s being very enthusiastic and eager to develop their French skills. At the beginning of each lesson we start with our "calendrier" refreshing the students understanding and knowledge of the days of the week, the months of the year and the cardinal numbers (1-31). Students have also begun to recognise and apply the use of high frequency words such as greetings and feelings. Over the last two weeks students have also begun learning verbs "être" and "avoir" and will continue to further their understanding of these two verbs, using them in modelled statements and questions. The students have shown great excitement and enthusiasm towards the French language program and I am looking forward to seeing great progress throughout this term!
