

2021 School Development Days

The Education Department have provided schools with six School Development days for 2021 where students do not attend. Two of these days are mandated for before the school year starts for students and one day is after the school year ends for the students.

Each school schedules another 3 days throughout the year in consultation with its School Board and school community.

Independent public schools have the flexibility to trade-off school development days (except Monday 28 Jan and Tuesday 29 Jan)
