

Charlie – Year 5

The Evil Shoe

"Mum!" "What's the odd looking, blue shoe?" I yelled, mum comes rushing down the stairs "I don't know, but you probably shouldn't touch it, it might have athlete's foot," mum replied as she walks back into the house. I sneakily take it inside without mum seeing so I can find out what it is as it's not a brand that I know. I quickly slip on the shoe and walk around realising that I was super fast and could jump really high! I jump around yelling "mum this shoe is amazing!" but before I could finish my sentence the shoe sucks me into another dimension!

I scream realising the shoe was a trick as I find myself in a huge dark cave with no exit in sight. I suddenly see a note written on the cave wall which says the only exit is with a key get to the end and you will be free. With no turning back I start to traverse through the cave as I see a swarm of poisonous bats flying around right in front of me. The bats soon see me and immediately chase after me. I scream for my life as I run away and soon find a two tunnels I can go through so I decide to go in the right one. I stop and look back and realise there was no more bats, I feel relieved.

I soon travel forwards to see a key, I quickly walk toward it but right before I get there, rocks fall down right in front of me blocking me from getting the the key! I try to figure out a way to get the key and remember that there was another tunnel so I quickly run out the tunnel and go straight to the left tunnel as I see the bats are still in the left tunnel as well as a pickaxe!

I quietly tip toe towards the pickaxe and grab it. Right as I grab the pickaxe, the bats notice and start to chase after me again! I quickly run straight to the right tunnel and destroy the rocks with the pickaxe as fast as I can and grab the key. I then realise that the locked door is all the way at the start, so I run towards the door and quickly open it and go through the door. I get launched out of the shoe and see my mum crying in front of me. I say "mum I'm back!" My mum's face quickly lights up with happiness and tells me let's throw that horrible shoe away! The end.
