

THANK YOU FOR YOUR
AMAZING SUPPORT FOR
**KIDS CANCER
SUPPORT GROUP**
LUCKY DIPS!

We'd love your help to collect **small, inexpensive**
toys for our lucky dip treasure chests.

These toys support the
children being treated for
cancer at Perth Children's
Hospital. They offer a
positive re-focus after a
procedure or treatment

Sometimes it is the little things that bring the most joy 💕

It's little things that often have the power to turn a frown upside down 💕

It's those little things that can turn tears to laughter 💕

That is how we think of our KCSG Lucky Dips....

They are treasure chests full of lots of small lucky dip gifts available when a smile is needed. They are available in the hospital treatment rooms both inpatient on Ward 1A and in Outpatient Clinic H. Every child that undergoes an invasive procedure (such as a needle access) gets the immediate opportunity to choose a special gift (or two!) from our KCSG Lucky Dips 😊

As you can imagine there are lots of very brave and deserving children needing a little smile every single day and so these lucky dips run out very quickly. It is our job to make sure we keep them topped up and with your help we always manage to do just that.

Right now our lucky dip stocks are running very very low! And as we often get asked by so many of you...."How can we help?" ...this is how....

- pick up a few little token toys or activities at the shops! Every single donation matters!
- run a Lucky Dip drive in your community or workplace!
- get everyone to bring just one lucky dip to your next birthday party to donate!
- share our call out so that other people can join us and get involved in our [#communityofkindness](#) 💕

We are held up by a community who is in the business of delivering smiles and we are forever grateful for you all 💕
