Churchlands Primary School

REQUESTING CONSENT TO DISCLOSE PERSONAL INFORMATION TO THIRD PARTY SERVICES IF REQUIRED

The following third party services are being used in our school. These services may require us to share some personal information about your child and **require you to provide consent** before we do so.

Some of the services listed are core CPS communication & learning tools which are used to deliver curriculum, assess student learning and provide an important link between both parents and students on a daily basis. Other services are used sporadically, by particular year levels, at appropriate times.

These services have been bundled together by the department of education's audit as they are deemed as requiring a LOW LEVEL of information.

Please note if you choose NOT to provide approval to use these listed services, these core tools, including SeeSaw and Audiri for communications, ACER & BEBRAS for formal student assessment and critical digital learning platforms will not be available for your child.

Please also note that these new department requirements have been put in place to ensure rigorous student privacy and Churchlands Primary school will endeavour to make sure that the permissions and restrictions are upheld. While the department has been extremely thorough in its audit, CPS use some listed tools WITHOUT providing the sensitive information stated. These services have been marked with an * in the list below.

SERVICES THAT REQUIRE EXPLICIT CONSENT

Some educational services require explicit consent for usage. These services are deemed to require a MEDIUM LEVEL of student information. If your child is required to use a service in this category, you will be presented with detailed information on the service including risks outlined, before you are required to provide explicit, written permission.

Please contact the school if you have any queries.

Name of Service	Type of service	What do I need to know	Further information
Name Apple https://www.apple.com/au	**Category** Teaching and Learning	**Information provided**: Staff/teacher: name, email Student: name, email, work/content, photos or videos, grades or performance data.
